Checking In from Precision Roof Crafters

We just wanted to check in to see how you're doing. In our current reality, we've been adjusting just as you have. We have also been taking advantage of the extra time we have to spend it with the people we share our homes with.

Speaking of home, most of us have been spending a lot more time there and have had to come up with ways to stay busy. We decided to brainstorm some activities to keep you busy while at home. Here's what we came up with:

Your Stay-At-Home Activity List

- Invent a New Recipe - don't have all the ingredients to make a dish? Make up your own version or present a challenge that dinner must be made with a secret ingredient.
- Learn calligraphy (YouTube can help)
- Write, dare we say, old-fashioned letters or postcards to friends and family
- If you know how to sew, make some masks for your convenient or grocery store cashiers
- Make a charcuterie board with only what you have on hand
- Make a daily to-do list - it feels good when you accomplish things

- Dust off the instrument you haven't played since college and give it a whirl
- Try that weird thing where you use vinegar instead of shampoo - it's supposed to make your hair quite healthy
- Make some plans for when we can be social again
- Clean out your closet
- Hide a treasure and create a treasure map
- Write a short story, then act it out
- Exercise - there are plenty of free online classes right now
- Read
- Sleep as much as you can

Above all else, stay safe and healthy. Keep your distance from others, don't touch your face, wash your hands, and remember, this too will pass.
